SHERIFF OWENS AGAIN IN RACE

POPULAR OFFICIAL WILL ASK THE VOTES OF THE PEOPLE.

Sheriff J. J. Owens announces that he will be a candidate for the nomination of sheriff at the hands of the Democrats of Nye county for the important office of sheriff. While this paper is Republican in politics, we lay aside for the time being political affiliations and desire to say that we believe it to be for the best interests of the people of Nye county that this popular, competent and upright official should be returned to the office which he now holds without a dissenting vote on the part of the citizens of Nye. To the people who have been residents of this county and of the state there is no need of going into the life and history of Jack Owens. To the newcomer we urge that no man has ever had ought to say of him but good and we unhesitatingly advise that it is the duty of the people of Nye county, irrespective of political affiliations to return this true and tried official to the office he is now holding.

A PROMOTION WELL DESERVED

Roy O. Shadinger, who for the past five years has covered the territory in Nevada for the American Type Foundry company's branch in San Francisco, has just received the good news that he has been tendered the management of the company's branch in Los Angeles.
"Shad," as he is known to the craft throughout Nevada, to whom he has peddled type for the past few years, has been receiving the congratulations of his friends on every side while in Reno the past two days. Shadinger is liked throughout Nevada as a genial, whole-souled member of the newspaper fraternity and his regret at leaving the old stamping grounds in the sagebrush state is not half as keen as the disappointment his many warm friends feel at the prospect of not looking forward to his visits. The American Type Foundry's company is also to be congratulated on securing the services of one man in a million who will create warm personal friends and prove a hammer at business building in that territory.—Reno Revelle.

FIRE BREAKS OUT IN CARSON HOTEL

GOOD WORK OF THE FIRE DEPARTMENT SAVES BUILDING FROM DESTRUCTION.

Shortly after 1 o'clock yesterday afternoon the fire department was called out by a blaze in the Carson hotel, owned and operated by Mrs. Mable Little. The fire was in the upper story, which was all ablaze when the alarm was turned in. The department made a record-breaking run as did the volunteer departments and excellent work of both organizations under the supervision of Fire Chief George Swasey saved the building from total destruction. The flames were confined to the upper story which was nearly gutted, while the lower part of the building was damaged only by water. The origin of the fire is unknown, but might have been caused by a spark from the kitchen stove, as the stove pipe is adjacent to where the blaze started or defective electrical wiring. Mrs. Little stated, however, that there had been no fire in the kitchen stove since 7 o'clock in the morning. There were no roomers in the upper story as all had moved to the ground floor during the warm weather, so the personal belongings of lodgers were not lost.

The volunteer departments arrived promptly with their hose carts and hook and ladder and their work in conjunction with that of the paid department was commended upon by every onlooker.

Chief of Police Malley took charge of the salvage corps and directed their movements toward saving the furniture and personal effects in the hotel, placing them in the storeroom of Falkenstein and Trabert, which had been tendered by that firm.

The exact nature of the loss cannot be determined for a day or two, but is partially covered by insurance.

CONLISK PLAYS LADY BOUNTIFUL

The Bonanza force yesterday afternoon received a package labeled "Compliments of Dr. Conlisk, alienist." With the thermometer hitting 9 and a cipher, the contents of the frost covered package was a most delicate and timely one. It consisted of a gorgeous quantity of the most delicately flavored ice cream from the Tonopah Drug company. The doctor's diagnosis of what ails the average news gatherer and the remedy entitles him to the distinction of being an eminent specialist. The society editor remarked that it didn't know that Jim was from Utah that he would be the most eligible man in the market.

ERNEST HALL AND HIS BIRTHDAY

According to the Manhattan Mail, just received, Ernest Hall, who has a host of friends in this city, was given the time of his life in the northern camp the other evening.

The Toiyabe club house, tastefully decorated, presented a very pretty scene Thursday night, when about fifty of Ernest Hall's friends gathered and tendered him a surprise party. And Mr. Hall really was surprised, or maybe just a little bit frightened, when he was lured into the dark, still club room on some pretext or other and suddenly had burst upon his ears a gigantic "Hoo" from fifty throats which seemed to come from every nook and corner of the room. Lights were quickly turned on and Mr. Hall was showered with birthday congratulations at every turn.

The evening passed pleasantly with songs, music and dancing, after which dainty refreshments were served.

ENTERTAINMENT BY VOLUNTEERS

RESOLUTION CARRIED AT MEETING OF FIRE LADDIES LAST NIGHT.

The volunteer fire department held an enthusiastic meeting last night at the engine house and matters of more than ordinary moment were considered by the members. The interest displayed is catching and each succeeding meeting witnesses new accessions to the membership. President Charles Coble presided last night and to his tact and energy is attributed the smoothness with which the business was transacted. The first matter that came up for discussion was the report of the gymnasium committee which stated that they had in view several buildings which could be secured for this purpose and a final selection would undoubtedly be made before the next meeting. The reports of the captains of the various hose and hook and ladder teams were presented which went to show that the scheme outlined several weeks ago has proved beneficial. Fire Chief George Swasey announced that he has in view the making of arrangements with the McNamara mine people to give over shriek of the siren when a fire has been extinguished.

The firemen propose in the near future to venture in the theatrical field and purpose putting on an entertainment in one of the local theaters, the proceeds of which will be used in fitting up the gymnasium. The following committee to be known as the amusement committee, was appointed and will meet this afternoon to discuss and perfect arrangements for the proposed show: Letson Ballet, Ed Malley, Kenneth J. Booth, Roy Moore and W. K. Wise.

There will be an exhibition run of the various hose and hook and ladder teams Sunday evening at 6:30. The teams will, at the sound of the fire bell, start from their respective fire houses and run to the postoffice building and the first team that carries its hose to the roof of the building will be declared the winner. This will be an interesting event and will show the public the stamina of the laddies.

BABY ARRIVES AT MULLIN HOME

J. J. Mullin, the mining operator, was observed hovering around the various furniture stores of this city yesterday endeavoring to secure a perambulator and muttering to himself, "The best is none too good." This ejaculation was caused by the arrival in the Mullin home of a baby girl, which arrived yesterday morning. The only thing worrying the former newspaper man is that Jack sounds good for a boy, but Jaqueline is more euphonious for a girl. However when the day for the baptism comes along Mrs. Mullin will have something to say along that line. Mr. and Mrs. Mullin are both being congratulated by their many friends in this city and elsewhere.

CHANGE OF BILL AT THE BUTLER

This evening there will be an entire change of program at the Butler. Maud Miller will be heard in two very pretty ballads. The pictures are all very much to the good, and include three new films from the east. Miss Emmett, singing the illustrated songs, has a couple of clever numbers that will prove entertaining. Last night was amateur, and the children gave a fine exhibition of buck and wing dancing, singing and reciting. There were large audiences at both shows, and those present were satisfied.

TEAM RUNS AWAY.

A delivery wagon of the Lothrop-Davis company became frightened yesterday afternoon while standing in the vicinity of the depot and ran away. They collided with a building at Clendenning's corral and nearly demolished it. The horses escaped with a few small bruises, while the wagon was scarcely scratched.

HUGH H. BROWN GIVES HIS CONSENT

WILL ALLOW HIS NAME TO BE PRESENTED FOR SUPREME JUDGE.

After a great deal of hesitancy and only upon the urgent request of his many friends over the state, both in the legal profession and outside, Hon. Hugh H. Brown has at last consented to allow his name to go before the Republican state convention as a candidate for the office of the supreme court of the state of Nevada. That Mr. Brown will make an ideal member of that august body goes without saying. He is gifted with keen and unerring judgment, has a judicial mind, a student in his profession and the respect of the entire bar of not only this state but that of California. He is a member of the great law firm of Camp, Metson and Brown, which perhaps has a greater practice than any firm in the west. The allowing of his name to be presented is good news to the Republicans for it means that in presenting a ticket composed of men of the caliber of Hugh Brown the party will present to the voters of this state one that will be invincible. It also means that the people of his state would cast aside party preferences and vote for the individual. This is one of the few cases which the office seeks the man.

HAS COMPLETED HER INSTRUCTIONS

DEPUTY SUPREME COMMANDER JENNIE S. BROOKS COMPLETES WORK.

Jennie S. Brooks, deputy supreme commander of the Ladies of the Maccabees of the World, has completed her school of instructions. For the new Tonopah Hive having told them the privilege of being a Maccabee of the World. Think of it—half a million knights and ladies of the Maccabees of the World ready to assist each other in distress, even though strangers, personally, there are certain distinctive points of excellence possessed by our order, which has been explained to every new member and to every one who is thinking of joining. For the benefit of those of our new members who do not feel thoroughly grounded in the strength and helpfulness of Maccabees some of its strong points are here explained:

Our large and widespread membership is in itself a source of strength and help to each other. Members who move to distant states of the Union or to provinces in Canada can generally find in their new location a hive whose members are ready to welcome them and draw them at once into a social life which prevents the terrible loneliness of the first weeks residence in a new home. They have only to present their credentials from their former hive to be at once recognized.

Friday night, July 24, will be a class initiation and installation of officers at Butler hall. Goldfield Hive, No. 4, will be guests of the Tonopah Hive on that night. A social and enjoyable time is in store for all and a sisterly and fraternal greeting to all.

Join the Ladies of the Maccabees by request of the supreme commander.

RAWHIDE BANKS MAY CONSOLIDATE

RAWHIDE, July 22.—A plan is nearing consummation whereby the First National bank and Merchants and Miners' bank of Rawhide, which closed several weeks ago, will consolidate on such a basis as to take care of all creditors, paying them dollar for dollar. The plan has been underway for some time and it is predicted that the banking situations consolidated in one soon will be opened for business. The receiver proceedings brought by the state bank commission in this city have been delayed awaiting the conclusion of the effort to settle up the affairs of the two banks.

MALLEY EMPLOYS MORE COUNSEL

FORENSIC ELOQUENCE PROMISES TO RIVAL GREAT ORATIONS OF TIMES PAST.

The case of the Ponderous One and his client has attracted so much attention that Chief of Police Malley et al. has been compelled to add to his legal counsel and for that purpose has employed P. E. Keeler, Harry Atkinson, Patsy Bowler and Senator Morehouse of Goldfield. The forensic eloquence displayed in the court on this occasion will rival Webster, Clay, Calhoun spurs of oratory and Baliff Captain Bradley's energy will be taxed to the utmost to preserve order in the court room.
